As founder and Chairman of the High Impact Leadership Coalition (HILC), **Bishop Harry Jackson** has declared that the church and its leaders must lead the way to protect America's moral compass and heal our nation. HILC has become an agent of healing to our nation by educating and empowering churches and leaders. His radio commentary "The Truth in Black and White" can be heard daily on 400+ stations nationally. Jackson was named one of the top 50 most influential Christians in 2005 by the *Christian Post*. Bishop Jackson is Senior Pastor of Hope Christian Church in the Washington, DC area with 3000 attendees and serves as a regional Bishop in the Fellowship of International Churches (FOIC). He has authored several books including *The Black Contract with America on Moral Values*. He earned a Bachelor of Arts degree in English from Williams College and a Masters of Business Administration from Harvard Business School. His secular work experience includes positions in several Fortune 500 companies. With experience in California and states across the country, his Stand4Marriage coalition is now focused in his own backyard, Washington, DC.

**Bill Voelp** is a native Marylander, married since 1992 with two children. He is an Ordained Deacon in his denomination and holds a degree in Economics. After years of trying to change the minds of the secular powers in place, he has recognized the power of change is resting comfortably inside the Christian church. He believes it is time for the church to arise and become the "salt and light" that Jesus commanded us to be. In doing so, the church will bring much needed change to a lost world and a silent church.

**Together We Can Make A Difference!**
